## Sweater Dance Big Attraction

The Sophomore Sweater Dance was held Friady night, Feb. 29, in the old gym. The gym was decorated to a very pretty green and white theme. The crepe paper streamers on the sides were drawn back into attractive fans.

A novelty dance started the ball rolling. This was called a "potato dance." It is done by placing a potato between the foreheads of a couple with their hands behind their backs. The couple dancing the longest without touching the potato with their hands or dropping it, was declared the winner. The couples—Marilou Rice and Roger McPherson, Sharon Rupe and Jon Hauger, were the lucky winners. Each couple received a prize of one nice new potato tied with a bright red ribbon.

A dance was set aside to choose the couple who danced best together, to be crowned King and Queen. Shirley Rhoades and Jack Heartburg were crowned King and Queen by sophomore class president, Jim Brewster.

During intermission, refreshments were served. At this time prizes were awarded for the prettiest sweaters. Sharon Rupe and Jon Hauger won this honor. Most original prize went to Diane Olmsted and Marcus McLaughlin.

Everyone had an enjoyable time,

## Wallace Presents Nat'l Assembly

Mr. William Wallace, the Memory Wizard, was presented to the high school on February 20, with a very interesting assembly in which he gave an illustration with cards, numbers and the Sears-Roebuck catalog.

Jack Heartburg assisted Mr. Wallace throughout the program. Others who assisted Mr. Wallace one the program were Ralph Stewart, Dallas Smith and Wilbur Fischer.

Mr. Wallace had memorized the complete Sears Roebuck Catalog. He handed out, in the audience, five complete catalogs and a number of booklets, which consisted of pages taken from the catalog.

Various students that had either the catalogs or booklets called out page numbers and Mr. Wallace told exactly what was on the page and quite often quoted the prices of the objects.

He also entertained us with a few card tricks and adding and subtracting a group of numbers from memorization.

## F.H.A.

The district meeting will be held at Moscow, March 22. The state meeting will be held the following week, March 29 at Boise. Three girls will be sent to Boise to represent Grangeville. They will be chosen at the next meeting.

### OUR RESPONSIBILITIES AS AN "A" SCHOOL

As we are now in the Class "A" school group, we have many more responsibilities than we did when we were a "B" school.

Since we are the smallest of the "A" schools, it's going to mean more responsibilities for each one of us. Everyone is going to have to do an equal share of work. It's not up to the few to do the work; but it's up to each student.

When we participate in a school activity, such as a ball game or a dance, we are going to turn out in full force and make the activity a success.

All the other schools have a larger attendance and therefore, we have much more competition in any activity we compete in.

So, let's all get behind our school and our fellow students and make the other schools proud of us. Let's be good sports in everything we do, and above all, do our part in sharing the responsibilities of an "A" school.

### ALL DISTRICT BAND

Kamah was the scene of All District Band February 14, under the direction of Ted Johnston and Leslie Baskett of Nezperce. Among the eighty students from twelve schools were these sixteen from Grangeville: Jane Heron, Pat Pell, Pat Gauss, Mary Kay Dufur, Millie Smurthwaite, Dick Troch, Bill Wagner, Louise Ruzicka, Carol Sue Ailor, Bob Pearson, Sharon Kabat, Karen Jordan, Eddie Kale, Vernon Holbrook, Deloris Chicane and Sharon Rupe.

The concert was given at 7:30 in the American Legion Hall after the morning and afternoon had been spent in practice. Between numbers Grangeville's Woodwind Trio, Millie Smurthwaite, Mary Kay Dufur, and Karen Jordan, played a trio, and Martha Sue Dempsey of Nezperce played a marimba solo.

### G.A.A.

The meeting was held Tuesday, February 19th. The club decided that the G.A.A. banquet is to be held at the Federated church. The Federated ladies will serve. Price will be \$1.25 a plate.

## Empire Air Lines Present Assembly

On January 30, Mr. Tom Croson, Sales Manager of Empire Airlines, presented a very interesting assembly about opportunities in the fields of airlines, and the many airplanes we have today.

Mr. Croson expressed that the lowering of airplane rates is going to give the airplane a tremendous increase in passenger and freight service. This will mean an increase in manpower for mechanics, pilots, stewardesses, technicians etc. The field of aviation is becoming larger each day, thus showing what an open field it is going to offer to young men and women when they get out of high school.

## New Experiments In Science Dept.

The Science classes, under Mr. Caine, seem to be very busy discovering and learning new things about their particular phases of study.

The biology class has been studying about the plant phylum and the plant world. A special study is also being made of the flora and trees on the Camas Prairie and they are doing several things in preparation for field trips later in the season.

The students taking chemistry are indulging in studying acids, bases, and salts and their physical and chemical properties and the association of these to the electron theory. Their next venture will be in the fields of neutralization, titanium and sonization.

In Physics a detailed study is being made of magnetism, static electricity, and current electricity and their natural phenomena effects on a cathode ray oscillograph. They are studying the relationship and uses of these in modern electricity.

Some new equipment has been added to the department, and has aided the students greatly in their experiments.

### WHO IS IT?

She is a newcomer to G.H.S. and a member of the junior class. She is 5' 5" tall, blue eyes and light brown hair. You very seldom see her without a smile on her face. Her likes are crew cuts, chow-mein, and Fords. Snooty people are her only dislikes. Look for her name in the next issue.

Last week's Who's Whoisit was Rita Crane.

### "G" CLUB

A meeting was held February 18th, to decide who was to sell concessions at the Sub-District Tournament. A motion was brought before the club to select a pin for the boys in G Club. A pin was selected and the boys should receive the pins before long. It will be a quarter-inch pin, gold-plated. Will be worn on G sweaters.

### LIBRARY NEWS

Mr. Sullivan, our librarian, would like to thank Mr. Bunting and Bob Beardwemphl very much for the books they donated to the library.

Students, when you check out magazines be sure and return them in the same condition as when you checked them out. Try not to tear or cut any pages out.

### A WOLF

If he parks his little fliver,  
Down beside a moonlit river,  
And you feel him all a'quiver,  
Baby, he's a wolf!  
If he says you're gorgeous looking,  
And your dark eyes set him cook-  
ing,  
But your eyes ain't where he's  
looking,  
Baby, he's a wolf!  
When he tells you you're an eye-  
full,  
And his hands begin to trifle,  
And his heart pumps like a rifle,  
Baby, he's a wolf!  
If by chance when you are kissing,  
You can feel his heart a'missing,  
And if you talk but he won't listen,  
Baby, he's a wolf!  
If his arms are strong and tender,  
And he stirs the gypsy in you,  
And you want him close against  
you,  
Baby, maybe you're a wolf!

## KGHS Station Now Broadcasting

Station KGHS made its first broadcast February 26. The broadcast was not very successful, because there was too much interference with other stations. KGHS will be on the air only in the daytime from now on.

The Radio Club thanks the students for their cooperation in bringing records. The club now has over 200, but would appreciate more.
